Housekeeping & League Rules:

1. You are fully responsible for reading the League Rules & ensuring your playing partner AND sub(s) gets a copy of this document.
2. TFC Volleyball uses an 8 metre court for R2's.
3. Please, review the attached Grass R2's rules of play.
4. **You must be on-site warming up by 5:50pm each night.** Please, take into account rush hour traffic & neighbourhood parking restrictions in the area. League play starts at 6:00pm (or at the Coordinator's whistle) until dusk. Deduct a single point every minute your opponent is late, after the start whistle has sounded. If your opponents do not field a full team 15 minutes after the whistle, they forfeit the first game in the match. 30 minutes after the whistle, they forfeit the entire match.
5. All matches, every wk, are timed ... so chit chat after the league.
6. A sub is ineligible for the play-off in Wk 10 if they have not subbed in at least one league night for the same team in the league. If a complaint is

lodged by team(s) in your pool, before prizing is issued, you shall forfeit your prize to the team with the next best score.

- 7. A team who picks up a sub is eligible to move up in the weekly rankings. Rationale – There is an effort to find a sub, sometimes at the last minute. I would rather you play at least 3 matches per night (best 2 out of 3 games) than have a team in your pool not show up at all, vacation/business plans, traffic, etc. & the League Coordinator(s) may not be certain who is a sub or ‘permanent’ player.**
8. You are responsible to arrange your own sub(s). League Coordinator(s) have been advised not to sub. Their service/availability to all league participants is paramount.
- 9. You can not set a serve nor a free ball (only a hard driven ball).**
10. Each week, check the top & bottom of the posted nightly draw for grass & beach tournaments & special event announcements.
- 11. Respect all street parking regulations. If our resident neighbours complain we will lose the field permit. NO ALCOHOL IS PERMITTED ON / AT THE PLAYING FIELD.**
12. Respect private property & do not use as an easement. City parking enforcement have been seen in the area ticketing illegally parked vehicles.
13. Losing team on each court brings in the net system. Please, do not forget there are 4 spikes per system. It is everyone’s responsibility to insure their weekly match scores are reported correctly before they leave.
14. Register on-line for all Saturday grass & beach tournaments. Please, articulate all your contact telephone number(s) when leaving a voice mail at (604) 255-2832.
- 15. League rainout to be posted on the home page of the website – www.TFCVolleyball.com after 4:30pm each league night. A rainout announcement will always have date, time AND reason why. Otherwise, a play decision will be made by the League Coordinator on-site at 6:00pm. All rainout nights will be made up at the end of the league until the end of August 2017, weather permitting.**
16. If I do not have your playing partner’s name, email addresses & contact #, please, forward it asap by return email.
17. Weekly league standings are calculated in the following descending order:
(1) Matches won against all opponents in the pool. (2) Games won in the pool.
(3) Points head to head (2 way tie is head to head results, 3 way tie is total point differential).

Thank you for your continued support of TFC Volleyball outdoor grass leagues.
